## ABOUT US

---

Future Horizon is a 100% Saudi owned entity situated in Dammam Eastern region of Kingdom of Saudi Arabia, it is recognized as a primary source of technical services across a wide range of trading services and associated with several companies in the kingdom.

We are competitive and have been able to retain the market, customers over a period of time, which has helped the business to win customers in the kingdom. The main business of the FUTURE HORIZON includes retail and wholesale trading of office supplies, safety equipment, industrial tools & hardware supplies from reputed manufacturers or as proposed by clients.

The FUTURE HORIZON focuses on diversification of products and items that are sold to fully cover the needs of customers, it is also interested in providing the necessary choices of products with quality and competitive price in coordination with suppliers in order to gain the customer's trust and satisfaction.

## OUR VISION

---

The vision of Future Horizon is to provide value added solutions and services to the customers to meet or exceed their expectations in a fair way.

Our objective for the business is an integration of material, logistics and information flow in a seamless and transparent network that makes and delivers products or services from the source to the ultimate beneficiary.

With a proficient industrial management outlook, which accelerates the capacity to provide back to back project salutations to meet and answer the needs of their undertaking operations. Also to get access to the emerging markets, we always concentrate on the leading edge of technical expertise.

Future Horizon vast outsourcing competence is an added advantage to the honored clients as it helps to schedule and forecast material procurement to accomplish highly competitive milestones.

## OUR MISSION

---

Our mission is to become an integral link in the supply chain with value added supports and cost effective services and solutions for our admired customers, Future Horizon having its thus defined, constantly strives to deliver the potential quality products with an effective interlinking of auxiliary services to make the results possible and achieve the set goals with dedication for innovation and expanding technical expertise in the areas of operation.

## OUR VALUES

---

**Honesty & Commitment** The core value of FUTURE HORIZON is to build a relationship based on Trust, Honesty and Commitment. There will be no activity held without consideration of these values.

We highly respect our Client's confidence in us and hence, we strive hard to fulfil all the commitments made to our Client.
